

# Capabilities Statement

## RNN Architects + Galloway Joint Venture

The joint venture of RNN Architects and Galloway brings our shared company values to every project. With an unparalleled client focus and exceptional talent and experience, RNN and Galloway are committed to delivering high-quality, flexible, and sustainable facility and infrastructure solutions to meet the needs of U.S. federal agencies and the people they serve.

As a Woman-Owned Small Business (WOSB), Small Disadvantaged Business (SDB), 8(a), and SBA-certified joint venture, our clients can negotiate DIRECT AWARD/SOLE SOURCE contracts up to \$22 million without justification and approval. Direct awards cannot be protested.

### About RNN Architects

Since 2009, RNN Architects Inc. has been providing comprehensive architecture, planning, interior design, and engineering services to their clients. RNN is committed to exceeding client expectations by actively involving them in the design process, dedicating the necessary time to transform their goals and ideas into innovative designs that meet their specific needs.

### About Galloway

For more than 40 years, Galloway has provided comprehensive in-house architecture and engineering services that are designed for cost-effective projects, efficient project coordination, and unrivaled client satisfaction. Galloway recognizes that every project is a direct reflection of the client, from functional requirements and desired image to production and implementation of a design, so they listen carefully to your vision and provide the highest quality services that best meet your needs. Galloway is a values-based company that is committed to providing exceptional customer support and serving the needs of the community.
